# PROFESSIONAL SUMMARY

Front-end web developer with over 2 years of experience in creating responsive, user-focused web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks like React, with a strong foundation in mobile-first and responsive design principles.
Adept at delivering innovative web solutions, ensuring performance optimization, and collaborating with cross-functional teams to meet deadlines and exceed expectations.

# PROJECTS

- **Furniture Website**
  Developed a fully responsive furniture e-commerce platform using JavaScript, ensuring seamless usability across all devices.

- **Cosmo Remit App**
  Created a user-friendly website for international money transfers, emphasizing fast, reliable transaction handling. Designed an intuitive user interface, implemented responsive design, and added features like transaction history and form validation.

- **Portfolio Website**
  Designed and developed a personal portfolio website showcasing projects and skills using React, Tailwind CSS, Lenis Library, and Get-form. Optimized for performance, responsiveness, and accessibility.

- **Login and Sign-up Pages**
  Built multiple login and sign-up pages with HTML, CSS, and JavaScript. Ensured full responsiveness and user-friendly, well-structured designs.

# PROFESSIONAL EXPERIENCE

**Freelance Front-end Developer**

- Designed and implemented user interfaces using React.js.
- Collaborated with UX/UI designers to translate wire frame and mock-ups into interactive web pages.
- Delivered responsive website designs for clients while adhering to strict deadlines.

# SKILLS

- **Languages and Frameworks:** HTML5, CSS3, JavaScript, React.js, Tailwind CSS
- **Tools and Platforms:** Git, GitHub, GetForm
